Balatas Bosch

Línea Quiet Cast

Bosch Quiet Cast

Ofrece una amplia cobertura en pastillas de freno para automóviles premium, SUV's y vehículos de alto desempeño en sus formulaciones Cerámica y Semi-metálica, ya sean americanos, asiáticos y/o europeos.

Bosch ha desarrollado y probado rigurosamente los materiales y formulaciones utilizadas en el programa **Quiet Cast**, a fin de garantizar que el usuario reciba un producto con los más altos estándares de calidad y con funcionalidad, desempeño, durabilidad y confort igual o mejor que los productos de equipo original.

Formulación de fricción cerámica avanzada

- Con aleaciones a base de aluminio que se usan en la industria aeroespacial.
- La capa protectora en el material de fricción extiende la vida útil de la pastilla y del rotor.
- La fórmula química forma una capa protectora entre la superficie del rotor y la pastilla a fin de reducir el desgaste y prolongar la vida útil del rotor.
- La capa que se forma evita que el rotor se raye y esto consigue aumentar la vida útil de la pastilla hasta un 17%.

Bosch ha analizado de cerca todos los productos químicos utilizados en las formulaciones para asegurar que es un producto **amigable con el medio ambiente y sostenible para el futuro.**

Mayor vida útil de la balata

La formulación usada en las balatas Bosch asegura una mejor disipación de calor en la superficie de la balata, lo que protege tanto la pastilla como el rotor.

Producto Ligero

Los materiales de fricción utilizados reducen el peso de la pastilla hasta un 8% lo que contribuye a una mejor economía de combustible.

Materiales de Fuentes Renovables

Contribuimos al medio ambiente y la sostenibilidad al eliminar el uso de cobre y aumentar la proporción de productos químicos de recursos renovables.

Pastillas y chaflanes bajo normativas de OE mediante Moldeo positivo

El proceso de moldeo positivo se creó en equipo original y proporciona un mejor control sobre la calidad de la pastilla para un rendimiento superior.

En cada juego de Balatas Bosch Quiet Cast que usted adquiere viene incluido un set de herrajes* y todo lo que necesita para hacer una instalación confiable y a la primera.

Lámina anti-ruido estilo OE

Este tipo de lámina se cura con calor y presión entre dos capas de acero para ayudar a reducir el índice de ruido al aplicar el freno, también ofrece mayor resistencia a la corrosión.

La capa adicional de recubrimiento proporciona una vida mas larga. Diseñado y probado para vehículos que circulan en el parque vehicular mexicano.

Balatas Bosch

Línea Azul

Bosch Azul

Es una línea de balatas creadas para los generalistas que brindan el mejor valor a sus clientes e instaladores, así como los usuarios de vehículos de alto parque vehicular en México quienes confían en la marca Bosch como sinónimo de calidad.

El programa de Balatas Bosch Azul es perfecto para el conductor habitual que busca el mejor rendimiento a un excelente precio y cobertura sin importar que sea un vehículo de reciente o anterior modelo.

Pastillas de frenos Bosch Azul:

- Ofrece gran cobertura para vehículos nacionales, asiáticos y europeos.
- Equipados con sensor y herrajes de acuerdo con la especificación de OE donde es requerido.
- Se fabrican bajo los mismos procesos que la línea Quiet Cast.
- Formulaciones específicas para el mercado mexicano: Cerámico y Semi-metálico.
- Incluyen Láminas anti-ruido de acuerdo a la especificación OE.
- Se protegen con una capa de pintura que previene la oxidación.
